

Baiting Hollow Club

This long dogleg par 4 is the number one handicap hole at Baiting Hollow, a true test of skill that requires an accurate tee shot. A draw is recommended for this dogleg left, but if you 'overcook'

it, three bunkers protect the fairway on the left. On the right, you'll find two thirsty ponds ready to gulp any loose shots in that direction. And if you find the fairway, an uphill second shot to an undulating green still awaits. No matter how you slice it (or hook it), par is a great score here.
